

## WHAT ARE THE BENEFITS OF STAY & PLAY?

Our Stay & Play offers a fun doggie daycare in Schuylkill County. On average a dog should receive between 2 to 3 hours of mental and physical stimulation per day. Overtime at work or taking care of the kids and the house can get in the way of making sure your dog receives just that. At PawPrints, we provide a challenging and healthy environment for your furry family member.

PawPrints' Stay & Play provides the constant attention and exercise your dog needs with our experienced, trained and loving dog handlers. We offer fully supervised play time inside and outside. Our goal is to have your dog interact with other dogs that share similar energy and play styles. Any dogs with special needs will also get the individual attention they require.

## STAY & PLAY SERVICES:

### EXPERIENCE

Our experienced and knowledgeable handlers will make sure to provide the proper physical stimulation for your dog each day.

### ONE on ONE TIME

We will take the time to get to know each individual dog- forming a bond between handler and dog, to make sure they feel secure and safe, creating a home away from home.

### GROOMING

While offering dog daycare services, we can also groom your pet as well. If you would love your pup to play all day, but to come home clean, we will gladly groom them before they are sent home to you

### PUPPY SPLASH

Summer activities include one of our favorites, pool time! Teaching puppies how to swim and splashing around with friends makes a good summer day.

### FEEDING and MEDICINE

If requested, dogs will be fed and/or given snacks throughout the day. Our experienced and knowledgeable handlers are also able to distribute owner supplied medication to any dog in need.

### SPECIAL EVENTS

Twice a month, Stay and Play hosts special themed events for your furry family member. We also celebrate birthdays and holidays together!
